AND WAR.

NEW YORK JOURNAL AND ADVERTISER W. R. HEARST.

AN AMERICAN PAPER FOR THE AMERICAN PEOPLE.

Arbitrate the Strike.

The strike of the motormen and conductors of the Brooklyn Rapid or President Loubet.

What an immense progressive step our Transit Railroad system is on. It affects to a more or less degree every forefathers took when they made this countrolley line owned by that company. The men are confident that they ageous step! For remember that a hundred will be able to tie up the entire road. The railway officials insist that years ago all philosophers then living conthe strike is a failure.

There are three parties in interest. The Rapid Transit Company, form a republic; a large country never. Yet its workmen and the public. Without discussing the differences that they ventured upon the experiment! have led up to this difficulty, or trying to fix the responsibility, it is in that here nobility and royal state have been order to consider the relation of the people of Brooklyn to the strike.

contention. They are innocent sufferers. Where the railroad company resentative of the sovereignty of the nation! and the strikers will lose dimes they will lose dollars. Their patronage has paid the salaries of these striking workmen, and it has made and will continue to make the stock and bonds of the Brooklyn Rapid Transit system valuable. Their interests should be considered.

The strike, then, is not a mere conflict between employer and emcalls for a united public demand for its prompt settlement.

What are the differences between the railway company and its was goaded to madness by savage torture.

The lion was not eager for the fray, but workmen? There are no differences if we accept the statements of both the bull attacked him, goring him severely.

Hour law, with \$2 for each full day's work and overtime to be paid at A toreador killed the bull. 20 cents an hour; that two-thirds of the cars shall make full day runs; this cruel and degrading spectacle. The that the company shall receive committees of its employes without sight of the blood maddened them. They deprejudice to the men serving on such committees.

thing asked by its employes.

It ought to be an easy matter to bridge this chasm. The railway and the sciences, can well leave to decaying are preparing to drop twelve days from their calcompany has rights that should be respected. The men, too, are en- sport of bull fighting. titled to every consideration. Only in the exercise of mutual good will can a profitable relationship be sustained between employer and employe. Surely there is some middle ground where they can meet and compromise their differences.
